

...is the first non profit European cultural association in Valencia.

Our goal is to promote the idea of active European citizenship in Valencia through the organisation of creative and innovative cultural events and activities.

## OBJECTIVES

- To discover new places, organise exhibitions, guided tours of selected exhibitions, lectures, poetry slams and live poetry readings, theatrical performances, concerts, symposia, film screenings and festivals in a way that we bring together an active circle of people interested in sharing their experience and capacities, in order to explore new ways of communication and get to know cultural key players in Europe.
- To establish **RECREATURA\_arts&culture** as a cultural meeting place.
