arts & culture

RECREATURA\_arts&culture is the first non profit European cultural association in Valencia. Our goal is to promote the idea of active European citizenship in Valencia through the organisation of creative, innovative and educative cultural events and other cultural activities.

## OBJECTIVES

- To discover new places, organise exhibitions, guided tours of selected exhibitions, lectures, poetry slams and live poetry readings, theatrical performances, concerts, symposia, film screenings and festivals, accompanied by new culinary experiences
- To bring together an active circle of people interested in sharing their experience and capacities, in order to explore new ways of communication and get to know cultural key players in Europe
- To establish **RECREATURA\_arts&culture** as a (multi-)cultural meeting place
- To provide a platform for all our members who want to share their artistic and creative work with an interested public
- To cooperate with other NGOs or institutions at the local, regional, national or European level
